Monthly Ombudsman Report

	MONTH:	SEPTEMBER 2021	
Date	Resident Contact Info	Problem/Outcome/Staff Involved	Mins
08/31/21	СР	Tenant, CP, called after August Report had been filed. Tenant has lived in her Rent-Assisted apartment for 12 years. She has not received her new contract effective Oct 1. She says she has called CADA several times and not received a return call. She is concerned about recertification.	15
08/31/21		Tenant, CP, called back and left voice message. I returned call and spoke to her. She had finally talked to CADA and there is no problem. They said the office was a little behind and she should get the renewal in the next few days.	45
09/09/21		Tenant called back a reported she still had not received the contract.	15
09/09/21		Emailed Merri to ask for an update.	15
09/10/21		Merri called and informed me that a contract was on its way.	15
08/31/21	RJ (Applicant)	Applicant, RJ, called after August report had been filed. RJ is homeless and presently living in a domestic violence shelter. She had applied for an apartment with CADA. At that time, she had 2 months rent, which qualified her for an apartment. She made a deposit of \$488 with a Money Order, and also paid an Application Fee. Her application was ultimately denied, and RJ states she has been trying to get this money refunded to her, and was told it will be sent by certified mail. However, she has not received it and needs the money. She says she does not have rental history but said she did tell CADA Leasing staff she was in the shelter. She feels CADA is deliberately treating her disrespectively.	45
08/31/21		I called Merri with CADA and left her a message explaining the situation.	15
09/02/21		Merri called back and reported the deposit refund was mailed to RJ's PO Box, but the application fee was not refunded. RJ had already come to the CADA office where this was explained to her.	15
09/02/21	МК	Tenant, MK, called to express fear of another tenant's daughter, who's name is She is illegally living with her mother, MK says the daughter is a meth addict and she yells and threatens other tenants in the building. MK doesn't understand why CADA doesn't do anything about it. It is a seniors building and she should not be living there. MK says she avoids any interaction with the mother or daughter. I called and left a message with Merri to discuss.	30
09/02/21		Merri called back and said that she has explained to MK that CADA is doing everything they can legally. The daughter has her mail delivered to the address and the police say they can not remover her because she claims to be a resident. Merri advised MK to call the police immediately if there is ever any danger or she makes a threat towards her. A Notice to Perform has been served on the mother, and the mother is in the process of getting a restraining order against her daughter.	30

Capitol Area Development Authority CADA Neighborhood Incident Report September, 2021:

Residential break-ins, vandalism, theft, disturbances:

:

- <u>9/01/21:</u> 1001-35 Q St: Courtesy patrol found an individual going through the dumpster. Patrol asked the individual to leave the area which he did without incident.
- <u>9/03/21:</u> 1421 15th St: Courtesy patrol received a call regarding an individual loitering on the property. Patrol arrived and asked the individual to leave the property which he did without incident.
- <u>9/25/21:</u> 1616 N St: Courtesy patrol received a call from Resident Services Representative letting them know that people are climbing the fence and getting into the vacant daycare next door. Patrol arrived and searched the area but did not find anyone. They will continue to check on this.
- •

Commercial break in's, vandalism, theft, disturbances:

- <u>9/03/21:</u> 1216 P St: Courtesy patrol received a call from a resident reported their vehicle had been vandalized. Patrol arrived and found the window broken out and items had been stolen from the vehicle. Patrol advised the resident to contact police and file a police report.
- <u>9/22/21:</u> 1413 16th St: Simon's Restaurant: Courtesy patrol received a call from Simon stating there was an individual passed out on the back patio and would not wake up. Patrol arrived but the man had woken up and left the area before he arrived.

Recap of Phone Calls to Lyons Security Service during the month of September, 2021:

There were 24 calls during the month of September. 8 calls were to report a noise disturbance, 5 calls were to report someone loitering on a property, 1 call was to report graffiti on a building, 1 call was to report a vehicle break in, 1 car was to report a flooded apartment, 1 call was to request an escort, 2 calls were to check on a garage door not working, 1 call was to report a lot of bees in a building, 1 call was to report knox box not working, 1 call was to report people smoking under a stairway, 1 call was to report someone passed out at restaurant/bar, and 1 call was to report people jumping over a fence.

GENERAL OPERATIONS

The results of General Operations through September 31, 2021 (**Attachment A**) show favorable budget variances – a total of \$276,421 consisting of \$59,750 in favorable variances in funding sources and \$216,671 in favorable variances in operating expenses.

General Operations Funding Sources reflects a net favorable variance of \$59,750. All Rental Revenue accounts are over budget by \$273,000, with the exception of Ground Lease are under budget by (\$22,000). The rental concession accounts for Vacancy Loss, Low Income Subsidy, and Loss to Lease over budget by \$(310,000) for a total unfavorable variance with in the rental income accounts of \$(59,000). This variance is offset by a favorable variance in Investment Income of \$18,000, a supplemental installment of Tax Increment received but not budgeted for a favorable variance of \$129,000 and the remaining accounts for smaller unfavorable variance of \$(29,000).

General Operations Operating Expenses increased the overall favorable variance by \$216,671. All major categories reflect favorable variances. The overall favorable variance and individual account variances is mostly due to the timing of expenses within each category.

CAPITAL INVESTMENT PROGRAM (CIP)

As a reminder, CIP programs are multi-year budgets reflecting the status of projects that are originally budgeted in a given fiscal year, but may take more than one fiscal year to complete. Because of budget restrictions relating to CADA's Special Management Funds, only the FY 21-22 Major Construction CIP Program includes results for those funds, in addition to the General Fund.

Development Projects

Attachments B and **B-1** provide the detailed results of CADA's Development CIP program for the quarter ending on September 30, 2019. Attachment B is presented in a highly condensed format, with Attachment B-1 providing significantly greater detail for active projects, on a project-by-project basis. This program consists of development projects specifically identified and budgeted for during fiscal years FY 04-05, FY 06-07, FY 07-08, FY 08-09, FY 09-10, FY 12-13, FY 14-15, FY 16-17, FY 17-18, FY 18-19, FY 19-20 and FY 20-21.

\$3 million in budgeted Funding Sources has not yet been received. Of these funding sources, \$2.2 million represents General Operations contributions which will be funded in January and May, following receipt of tax increment installments. The remaining budget for Funding Sources relates to timing of Development Reserve Drawdowns and budgeted bond proceed transfers from the 2020 bond issue.

Approximately \$5.2 million of the Uses of Funds remains unexpended. The majority of these uses of funds are budgeted for the following:

- For R Street Development, there is \$182,000 in remaining budget, for other professional services and miscellaneous expenses.
- For the East End Gateway Site 5/6, there is \$63,000 in remaining budget, for various project expenditures for general pre-development expenses.
- For the R Street Streetscape project there is \$202,000 in remaining budget for the

completion of site improvements and other R Street improvements.

- For the O Street Streetscape project, there is \$925,000 in remaining budget mostly for planning expenses and additional site improvements funding through bond procreeds.
- For the 16th Street Streetscape project there is \$9,000 in remaining budget for maintenance of infrastructure improvements.
- For the Roosevelt Park project, there is \$90,000 in remaining budget for additional site improvements.
- For the 10th Street Commercial project, there is \$202,000 in remaining budget for site improvements along the streetscape.
- For the Dean building project, there is \$390,000 in remaining budget for site improvement to the transformer and garages and rewiring of each unit.
- For the R St 900 Block improvement projects, there is \$550,000 budget for site improvements to the streetscape.
- For Site 21, there is \$472,000 in remaining budget for planning expenses and offsite Infrastructure improvements of \$400,000 to the site.
- For the 805 R Street project, there is \$635,000 available for a new affordable housing project on the site.
- For 1717 S Street project, there is \$1.5 million remaining for contributions to the joint venture housing project.
- The remaining projects are either in the predevelopment phase or nearing completion.

Bond Projects

Attachments C and **C-1** reflect the status of 2004 and 2020 Tax Allocation Bond proceeds that were available for investment by CADA in its CIP program.

Currently, there is \$191,155 in the 2004 taxable low/mod proceeds available, which is budgeted for the courtyard project. For the 2020 taxable proceeds the whole \$30 million is available, with \$615,000 currently budgeted for the O Streetscape project.

Major Construction Projects

Attachment D reports the status of active Major Construction CIP programs.

The FY 19-20 Major Construction budget has \$793,000 remaining to be encumbered or expended out of the total \$1.4 million in budgeted projects. Of these remaining funds, the majority of funding is for windows and various structural and stairway improvement projects. The FY 20-21 Major Construction budget has \$1.1 million remaining in open projects out of a total budget of \$1.2 million, with the majority for windows, stairways and structural improvements projects to be completed in the next two years. The FY 21-22 Major Construction budget remains unexpended for a total budget of \$1.5 million to be used over the next three years.

* * * *

Overall, CADA's results of operations, both for General Operations and the multi-year project budgets, appear favorable.

RE: Minutes of Quarterly Investment Meeting held via Zoom on July 22, 2021

Attendees Present: John Colville, Stacy Hussey, Shirley Tupaz, Katy Nguyen, Johnny Ea, Dawn Holm, Osvaldo Lopez, Noelle Mussen, and Patrick Zalasky

The COVID-19 pandemic and the City's response has led to most staff working remotely since March of 2020. This meeting was held via Zoom, as will all subsequent meetings until staff returns to working on-site full time.

1) Cash Positions/Liquidity

The projected Pool A cash flow is adequate to meet expected obligations over the next six and twelve-month periods. If all non-City Pool A participants withdraw funds, the analysis shows an approximate \$178 million in excess cash for the next 6-months and an approximate \$250 million for the next 12-month period. Hence, cash availability to all pool participants are adequately addressed for the coming six and twelve months.

In compliance with the City's Investment Policy, investment staff continues to maintain a great deal of liquidity to pay the City's bills, including payroll and debt service representing the bulk of the City's budget. Such liquidity is largely reflected in investments whose maturity dates match payroll and debt service liabilities due dates going 9 months into the future, plus the maintenance of substantial liquid reserves. The liability-matching strategy and liquid reserves provide a solid liquidity cushion to meet unexpected large expenditures and to provide the basis to make advantageous investments in longer term securities. As of the date of the investment committee meeting, the major payroll and debt service liabilities are funded with sufficient cash in pooled cash accounts, expected property and sales tax receipts, and cash generated by the maturity of specific investments through the end of March 2022.

2) **Performance of the Pools**

Investment staff updated the attendees on the performance of Pool A during the first quarter of 2020. The earned interest yield of Pool A for April, May, and June was 0.95%, 0.93% and 1.08%, respectively. All monthly Pool A yields exceed the 0.26% yield earned by the State Treasurer's Local Agency Investment Fund (LAIF) and the 0.34% yield earned by the Medium-Term Fund managed by the Investment Trust of California (CalTrust).

Pool A performance compared favorably to the yields realized by the investment pools of various California Cities (See, Pool A -- Relative Performance), which reflects publicly-available information as of July 21, 2021.

The Yield Curve has held relatively steady over the past year and has set yields very low in our investment window that goes out to 5-year maturities. Interest rates on shorter commitments are very close to zero which has provided a challenge when looking for extra yield while maintaining the liability-matching strategy. Investments in cash and other liquid investments made up 40% of the pool on 6/30/21, which is in line with how the pool was balanced before the shock of the pandemic. The spread between the yields produced by liquid investments (LAIF, CalTrust, etc.) and core investments like Agencies, Municipal Bonds, and Corporate Bonds is steadier that it was last summer, so the portfolio has moved back toward what was a normal 40/60 split between liquid and core investments before the pandemic hit. That being said, yields are historically very low and

are expected to remain that way through at least the end of 2022. Yields for Pool Aare expected to hover around 1.0% for at least the next two or three quarters, or until we see a major move in the yield curve.

Investment staff has been able to adapt to the movements of the yield curve, adjusting the structure of Pool A to effectively meet the goals of liquidity and safety while also earning a solid yield that is ahead of the majority of municipal peers in California. Staff is always monitoring markets and news feeds to gather as much information as possible, primarily regarding the actions of The Federal Reserve Board and of Congress, whose policies and actions have the biggest impact on domestic fixed income markets. Domestic/global economic news and geopolitical actions from across the world also have an impact on fixed income yields and are monitored closely with regard to how they may impact markets in the U.S. Investment staff is diligent about using this awareness to meet all of the investment goals: Liquidity to meet the needs of all pool participants; Investment in highly rated issues that maintain a high level of safety; and, when available, healthy yields on issues that also meet one or both of the previous goals..

3) Bond Market Report; Investment Considerations

The yield on five-year bonds stayed in a relatively narrow band during the second quarter of 2021 as life began to look more like it was prior to the spring of 2020 than after it. That included typical governmental gridlock, as both sides postured and made bold statements about legislation, but ended up doing nothing significant. The bill that could impact the economy the most deals with infrastructure and, despite a proclamation by President Biden that he had bipartisan support for a proposal that he engineered (a proclamation that was soon after called a misunderstanding), remains firmly stuck in limbo. The largest point of contention is its sheer largesse, as Republicans are balking at spending over \$6 Trillion, regardless of where the money is intended to go. Much of their apprehension stems from what such a large amount of fiscal stimulus will do to the economy, particularly with an eye on inflation. We are currently seeing rising inflation in fits and starts, as The Fed assures the country that it is currently transitory and a reaction to the economy fully opening after being shut down last spring and summer. As supply chains fully open and consumer behavior gets back to normal, it is believed that inflation will settle back below 2.0%, where it has been since before a lot of elementary school children were born. A massive injection of cash into the economy to pay for government programs could push inflation higher, merely because the more cash an economy circulates, the less value it holds. This is the main point Republicans argue when objecting to the infrastructure bill on economic grounds.

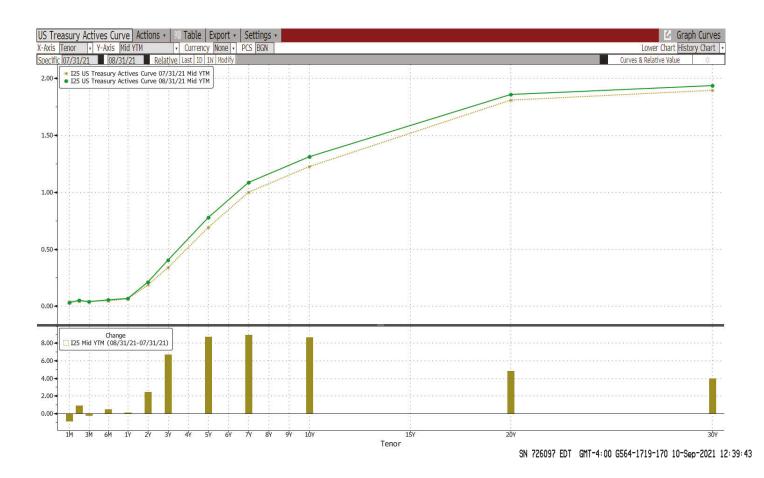

The Federal Reserve continues to maintain a Federal Funds Rate near zero while injecting around \$120 billion per month into short-term fixed income and cash markets. Fed Chair Jerome Powell hints at this action tapering at some point in 2021, but has given no clear guidance on when or to what extent that can be expected. Since The Fed will likely give markets at least a few months to adjust to any major shifts in policy, it is safe to assume that (barring any major shocks to the economy) we won't see tapering of these purchases until late 2021 or early 2022, hence the projections for interest rates and yields to remain low through at least the end of this calendar year. Yields on 5-year Treasuries spend the quarter moving between 0.70% and 0.85%, with the occasional move either above or below those levels. It is very likely that we will not see these yields get above 1.0% until we know if rising inflation is a steady phenomenon; nor are we likely to see them dip back below 0.50% unless The Fed is forced to take specific action to depress interest rates further.

Unemployment numbers disappointed for most of the quarter as employers had to compete with generous government benefits to lure employees, particularly in the restaurant and hospitality sectors back to work. Many states returned money to the federal government that was earmarked for these enhanced benefits, thereby "encouraging" these employees to return to work. The Fed has a dual mandate of ensuring full employment and stable prices in our economy. According to multiple Fed presidents, they do not see full employment returning until sometime in 2023, nor do they see inflation getting near or above the targeted rate of 2% for at least that long. With that in mind, The Fed will continue their accommodation policy. The constant influx of cash into the market will keep short-term interest rates very low, with very little chance of major movement on the longer end (5-years) of our investment horizon.

Global economies are in much worse shape than ours, since most are not having much success obtaining or distributing vaccines to their general population. For that reason, many are not operating a full economic capacity which is leading to a massive influx of foreign cash into our investment markets. U.S. markets are the strongest and most stable, particularly in times of global crisis. This is great news for our equity markets, which have reached record heights over the past year. Larger companies that are publicly traded have done very well as they had the capital to adapt and meet the needs of consumers during the pandemic. Earnings reports have been strong nearly across the board and stock prices have surged. This is in contrast to the difficulty that small businesses have faced, as many have closed after being shut down for a long period of time and/or trying to survive at much less than full capacity.

4) **Other business:** None

Next Meeting: The next quarterly meeting is scheduled for Thursday, October 28, 2021 at 10:00 a.m. via Zoom.

	Excess or (Shortfall) if all Pool A participants withdraw all funds within 12 months: 3	66.554

1The City will be able to meet its cash flow needs for the next twelve months, with \$254 mm to cover on going expenditures

 $_2$ Non-City and/or Pool A participants have \$188 mm invested in Pool A

3 If all non-City and/or Pool A participants withdraw the entire \$188 mm within the next twelve months, the City will have

\$66 mm to cover on going expenditures

City of Sacramento Investment Pool A

CITY OF SACRAMENTO INVESTMENT POOL A

MONTHLY REVIEW – AUGUST 2021

STRATEGY

The Fund is invested pursuant to the objectives and requirements set forth in the City's investment policy. The three objectives of the investment policy, in order of priority, are (1) the preservation of capital by the investment in safe instruments, (2) the liquidity needs of the City and pool participants so such parties will have access to cash when they need it, and (3) the maximizing of current income while remaining consistent with the other more important objectives. The City's investment policy incorporates applicable provisions of state law including, among other things, the prudent person standard and California Code Section 53601 pertaining to eligible investments.

INTEREST RATE ENVIRONMENT

The U.S. economy had a sluggish August. Although unemployment dropped to a pandemic low 5.2%, only 235,000 jobs were added, which missed projections by a mile (or, over 500,000 jobs). Enhanced federal unemployment benefits have been seen as one of the major roadblocks to the labor market recovering and they are due to expire early in September. The delta variant of COVID is also being blamed for sluggish labor participation, as many Americans appear reluctant to head back to work out of fear of infection. It all adds up to a much slower economic recovery than hoped and the real prospect of rising inflation over the next 18-24 months. Consumers are definitely worried, as the University of Michigan Consumer Sentiment Index, a measure of how confident consumers are about the economy, dropped to 70.3, which is nearly 13% below the July number and worse than August of 2020 when there were no vaccines and many states had shuttered economies. Governors of The Federal Reserve Board are beginning to reveal their strategies for keeping the economy stable as we head through the next couple of years. There seems to be a wide variety in opinion about when, or if, The Fed should taper their monthly asset purchasing program, currently set near \$120 billion. Chair Jerome Powell maintains that no action will be taken unless there is clear data that guides it and that great discussion will be had among the board so that all perspectives are considered. Fixed income markets remained steady in August, as interest rates on 5-year Treasuries began the month at 0.70% and moved slightly upward over the 31 days to end August at 0.77%. The investment team will keep a keen eye on market conditions and continue to be focused on maintaining a portfolio built with high level names that will remain stable no matter what markets do over the next couple of years. It will continue to focus its bond buying around finding high quality issues that balance both duration and yield in the portfolio, thereby balancing risk and return as the markets react to the activities of the Fed, the adjustments to the markets caused by the policies adopted by the Federal government and its foreign peers, and the reactions of consumers to the news that comes out each day.

Capitol Area Development Authority

CAPITOL AREA DEVELOPMENT AUTHORITY

MONTHLY REVIEW – AUGUST 2021

STRATEGY

The CADA funds are invested in the City of Sacramento's Pool A investment fund. The Fund is invested pursuant to the objectives and requirements set forth in the City's investment policy. The three objectives of the investment policy, in order of priority, are (1) the preservation of capital by the investment in safe instruments, (2) the liquidity needs of the City and pool participants so such parties will have access to cash when they need it, and (3) the maximizing of current income while remaining consistent with the other more important objectives. The City's investment policy incorporates applicable provisions of state law including, among other things, the prudent person standard and California Code Section 53601 pertaining to eligible investments.
